BUSINESS MANAGEMENT TOOL FOR SMALL COMPANIES

The most easy and most complete all-in-one application in the cloud.

Designed for small companies and self-employed persons, KeyOffice links the most essential features of ERP (Enterprise Resource Planning), BI (Business Intelligence) and CRM (Customer Relationship Management) together in a comprehensive, affordable and secured one-stop cloud application.

Cease using different services or apps for your daily work! KeyOffice combines everything you need in a single, user-friendly interface. Explore how KeyOffice can simplify your daily tasks:

KeyOffice brings a mini CRM, mini ERP and mini BI together in one single application.

This makes KeyOffice the most complete, yet easy to use, business management application on the market.

Work from anywhere, anytime with your virtual Office in the Cloud

Need help or have a question?

If you want us to help you with the bulk imports of your existing data or if you would like to customize KeyOffice to a tailored version for your specific business processes, do not hesitate to contact us at info@keyoffice.org.

For any further questions, requests or comments, our KeyTech team will also be happy to serve you!
